

GMP SUPPLEMENTAL NET METERING PROGRAM ATTESTATION

I, _____ hereby attest that this net metered project and its interconnection application meet the following requirements.

1. The project is less than or equal to 150 kW AC in capacity.
2. The host customer's consumption from the project is projected to be _____ percent of the project's output.
3. The host customer is an active, pre-existing customer of GMP, as shown by a recent customer bill.
4. The project is located on the host customer's property or on an adjacent, contiguous tax parcel that is owned by the host customer, as shown by a recent property tax bill and/or property deed.
5. The Project is located on a circuit that is labeled "green" on GMP's Solar Map, which is available at: <http://www.greenmountainpower.com/innovative/solar/solar-map/>.

Under pains of perjury, I declare that the application is true and accurate to the best of my knowledge.
